WORK EXPERIENCE

Senior Manager | Lead – Business Analyst

H. G. Infra Engineering Limited

04/2025 - Present

Jaipur

National Highway Construction Company

Achievements/Tasks

- **Business Analysis & Digital Transformation-** Lead business analysis and digital transformation initiatives within Store / Inventory Management, bridging Business, Technology, Data and Operations across construction projects.
- **BuildSync Digital Product** - Played a key business-side role in BuildSync, an in-house web and mobile platform developed to digitalize procurement, inventory and store processes across construction projects.
- **Business Intelligence & MIS-** Develop Power BI dashboards and analytical solutions using **Power BI, DAX, Power Query, M Language, Power Pivot and Advanced Excel** for management insights, MIS automation and KPI reporting.
- **Process & SOP Transformation-** Develop and continuously improve departmental SOPs in consultation with Department Head, Head Office and Project teams; participated in a detailed SOP transformation exercise with **PwC**.
- **Digital Learning Transformation-** Led the business-side development of the organization's first **3D animated SOP learning module for the Weighbridge process**, covering storyboarding, scripting, Hindi adaptation, scenario development and coordination with an external 3D agency.
- **Leadership & Capability Development-** Lead manpower planning, deployment, role mapping and capability development; conduct Advanced Excel training and Store & Inventory functional induction.
- **Executive Communication-** Present analytics, process improvement and digitalization initiatives to HODs, Senior Management, Top Management, Chairman and Board-level forums.

- **Automated Certificate Creation** - Designed and implemented Microsoft Power Automate workflows to automate business processes and reduce manual effort, including an automated certificate-generation workflow for the Learning & Development team.

Manager | Lead – Business Analyst

H. G. Infra Engineering Limited

04/2023 – 03/2025

Jaipur

National Highway Construction Company

Achievements/Tasks

- **Business Analysis & Digitalization** - Worked with business and IT stakeholders to identify process gaps, digitalization opportunities and system requirements across Store and Inventory Management.
- **Digital Solutions**- Contributed to the development and enhancement of digital solutions supporting procurement, inventory, store and project-site processes.
- **Business Intelligence**- Developed MIS and management analytics using **Advanced Excel, Power Query, Power BI and DAX** to improve operational visibility and decision-making.
- **Process Improvement**- Worked on process standardization, SOP development and continuous improvement in consultation with functional stakeholders.
- **ERP & Material Master**- Supported ERP and Material Master process improvements and helped translate operational requirements into system enhancements.
- **Training & Adoption**- Supported training, knowledge transfer and adoption of digital processes, dashboards and reporting solutions.
- **Stakeholder Communication**- Presented operational insights, analytics and improvement initiatives to senior stakeholders.

Deputy Manager | Lead – Business Analyst

H. G. Infra Engineering Limited

09/2021 – 03/2023

Jaipur

National Highway Construction Company

Achievements/Tasks

- **Inventory Analytics**- Worked on inventory controls including **Minimum Stock Levels, ageing, consumption, stock movement and material management**.
- **MIS & Analytics**- Developed MIS and analytical reports using **Advanced Excel, Power Query and Power BI**.
- **Process Analysis** Analysed business processes and identified opportunities for system, workflow and reporting improvements.
- **Supply Chain & Business Analysis**- Managed Inventory Management and Procurement activities while working closely with business stakeholders to improve processes, reporting and operational visibility.
- **ERP & Digitalization**- Supported ERP and Material Master governance and contributed to digitalization and process improvement initiatives.
- **Process Standardization**- Coordinated with project sites and Head Office teams to standardize processes and improve implementation.

Associate Manager

National Engineering Industries Limited (NBC Bearings)

01/2021 - 09/2021

Jaipur, India

International Level Bearing Manufacturer

Achievements/Tasks

- **Subcontracting Procurement**- Managed subcontracting purchase of **races for bearing manufacturing**, ensuring timely procurement and adherence to quality standards.
- **New Product Development** - Negotiated and finalized commercial terms for New Product Development requirements, particularly for **ball bearings and taper roller bearings**.
- **Strategic Sourcing** - Implemented strategic sourcing initiatives to minimize production delays and optimize supplier relationships.
- **Supplier Management**- Conducted regular supplier meetings to ensure timely deliveries and resolve supply-chain issues.

- **Manufacturing Continuity**- Coordinated with cross-functional stakeholders to address procurement requirements and maintain continuity of manufacturing operations.

WORK EXPERIENCE

Manager - Supply Chain Management

Parshwanath Industries (Mahaveer Group)

07/2020 - 12/2020

Ajmer, India

Paper Cup Machine Manufacturer

Achievements/Tasks

- **Department Management** - Oversaw Purchase, Stores and Logistics functions, ensuring coordination and operational efficiency across the supply chain.
- **Procurement & Negotiation**- Led material procurement, negotiated commercial terms and developed new suppliers to support cost-effective purchasing.
- **ERP Process Improvement**- Improved ERP effectiveness by defining and implementing processes for material stocking, purchasing and logistics management.
- **Vendor Development**- Developed vendor evaluation and supplier development processes to support quality and cost-effective procurement.
- **Training & Capability Development** - Provided training to SCM staff on system usage and reporting, supporting process adoption and operational efficiency.
